

PRODUCT DATA SHEET

Cable Bundle Organiser Tool

Introduction :

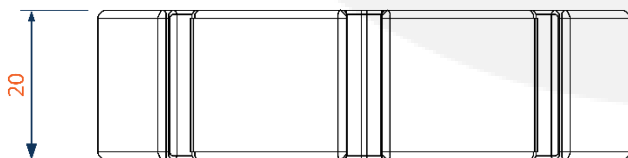

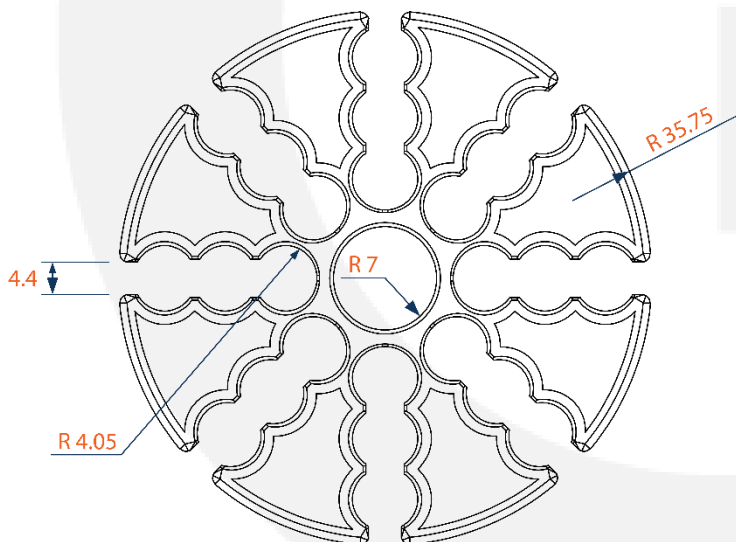

Introducing our Cable Bundle Organizer, a vital tool designed to streamline the installation of data cables by straightening and eliminating potential kinks. Capable of holding up to 24 cables for Cat5e, Cat6, or Cat6A, this organizer enhances efficiency and reduces the risk of cable damage.

Applications :

Ideal for data centres, office networks, and any structured cabling projects, this tool speeds up the installation process while ensuring cables are neatly arranged and protected. Its use is crucial in environments where cable management and integrity are paramount.

Features :

- Holds up to 24 cables for Cat5e, Cat6, or Cat6A
- Straightens cables and removes potential kinks
- Enhances speed and efficiency of cable installations
- Reduces the risk of cable damage during installation
- Improves overall cable management and organization
- Essential for data centres, office networks, and structured cabling projects
- Durable design ensures long-lasting performance
- Simplifies maintenance and upgrades by keeping cables neatly arranged
