

PRODUCT DATA SHEET

10 Bay Draw Type Wall Mount Charging Cart

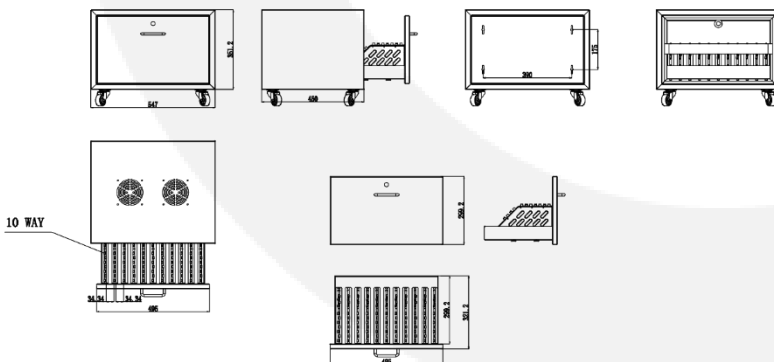

Introduction :

Introducing our 10 Bay Charging Drawer Unit, a fixed wall-mounted solution designed for charging both laptops and tablets. This unit provides a secure and organized way to store and charge devices, ensuring they are safely locked away when not in use.

Applications: Ideal for educational facilities such as schools, universities, laboratories, and training centres, this wall-mounted unit ensures devices are readily available and securely stored. It is perfect for environments requiring a fixed, space-saving charging solution.

Features :

- Holds up to 10 Tablets
- Fixed wall-mounted design for space-saving installation
- Secure storage with lockable drawers
- Integrated charging capabilities for simultaneous device charging
- Durable construction to withstand frequent use
- Individual compartments for each device to prevent damage and tangling
- Ventilated design to prevent overheating during charging
- Power management system for safe and efficient charging
- Ideal for schools, universities, laboratories, and training facilities
- Easy access design for quick loading and unloading of devices
- Cable management features to keep charging cables organized and tangle-free
