

PRODUCT DATA SHEET

Splice Cassette 12 & 24 Way & Splice Protector Sleeves

Introduction :

12/24 Way Fibre Splice Cassette Tray is an excellent solution for managing and organizing your fibre splicing needs. The tray is designed to protect and house splice protectors while efficiently managing the incoming and outgoing fibres. The cassette tray has a capacity of up to 24 splices, allowing for multiple splices to be organized in one location.

This solution is ideal for data centres, telecommunication rooms, or any space where fibre splicing is required. The tray is designed to be durable and long-lasting, ensuring that your fibre splicing needs are met with the highest level of quality and efficiency.
